Mr. Edward K. Reiff, Jr.
DuPont Beaumont Works Plant Manager
Beaumont Plant
P.O. Box 3269
Beaumont, TX 77704-3269

Dear Mr. Reiff:

This is in response to DuPont and Lucite's February 22, 2007, request for a nonsubstantive revision to the DuPont Beaumont injection well no migration exemption. This request is related to an ownership change for the Lower Oakville Sand injection interval and affects active wells WDW-100 and WDW-101 and undrilled wells WDW-389 and WDW-390. The Agency agrees this change does not affect the November 21, 2001, approved petition demonstration and is a nonsubstantive revision. Therefore, I am approving DuPont and Lucite's nonsubstantive revision request and the Agency has modified its files to reflect the ownership change mentioned above. The petition reissuance approval conditions of our November 21, 2001, letter and the nonsubstantive revision approvals dated December 12, 2001, September 9, 2005, and April 6, 2007, are still in effect. If you have any questions please contact Brian Graves of my staff at (214) 665-7193.

Sincerely yours,
